www.beecountyexpoctr.com

Agenda

8:30 am – Registration and Coffee

Morning Session– Low Stress Livestock Handling Demonstration – *Curt Pate*

- Horsemanship for the Stockman
- On-Foot Cattle Handling
- Horseback Cattle Handling

Noon—Lunch and Trade Show

Afternoon Session— Putting Profitability Back in Ranching—*Kit Pharo*

- Planned Rotational Grazing
- Matching Your Production Cycle
- Matching Cattle to Your Environment

Speakers:

Curt Pate – Stockmanship Instructor & horseman, lifelong rancher, former auctioneer; 2007, 2008, & 2009 AQHA Clinician of the Year. Curt will show you ways to work with livestock so the animals handle and perform better. Learn how to do more with less and create a safer place to work. Curt’s instruction in effective stockmanship supports a “for profit” mindset that the modern rancher needs to survive.

Kit Pharo – Feedlot pen rider turned rancher will share the experience he gained building his family business, Pharo Cattle Company, from the ground up. Kit will show ranchers how they can get through the tough economic times we are currently in, **and** how they can get ahead. Time-tested, no-nonsense information that can be readily and easily put to use will be the focus of his presentation. Kit is nationally recognized as a successful rancher and businessman. For more information about Kit, go to www.pharocattle.com.

WORK LESS, SPEND LESS, MAKE MORE PROFIT!!
